Fiscal year 1980/81 is used as the base year.

^a The 2005/06 data were not available from the Office of the State Controller in time for inclusion in this publication.

¹ Because 2005/06 data are not available, percent changes have been calculated for the four-year period, 2000/01 to 2004/05, only.

² Constant-dollar expenditures are calculated according to the State and Local Government National Deflator. Amounts may differ from those previously published because of revisions to the national deflator.
